DEWAN OF MYSORE

From The Inspector General of Education in Mysore

To The Secretary to the Govt of Mysore, General and Revenue Departments

No 2139/62

Dated Mysore, 8 September 1897

Received

Enclosure No. (one)

Subject

Requesting the sanction of Government for the formation of an Anglo-Vernacular School and for the construction of a new building for its accommodation so as to relieve the crowding in the present High School and Taluk School buildings at Chickballapur

V [illegible]

Edn 56]

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

Mysore, ~~Bangalore,~~ 8 September 1897

No 2139/02

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Departments

SIR,

I have the honour to inform you that the building of the Chitaldroog High School is very small and overcrowded There is barely room for seven classes, the eighth or the I Anglo-Vernacular class being held in the back verandah of the Headmasters house There is no Headmaster's office, no library or Science room, no room for the Sanskrit or ~~of the~~ Hindustani munshi Every room is overcrowded as may be seen from the sketch appended to this letter

2 The Taluk Kannada and Hindustani Schools of Chitaldroog are on a flourishing state and contain 200 and 91 boys respectively -

They are located in two buildings inside the fort which were the old Jail lock-ups constructed a great many years ago - The walls are built of burnt brick in mud, and all the rooms are small, dark and overcrowded These two buildings stand in a spacious enclosure

3 With a view to relieve the crowding in the present High School and Taluk School buildings I recommend that Government may be pleased to sanction the separation of Anglo-Vernacular classes 1 to 4 from the High School and their amalgamation with classes 3 to 5 of the Taluk Kannada school to form an Anglo-Vernacular Middle School According to the present figures of attendance, the roll of the amalgamated school will contain 128 boys, but accommodation should be provided for at least 175 A new building containing accommodation for 175 boys and six classes altogether will cost about 7,000 Rs The new building may be constructed in the compound of the present Taluk Kannada and Hindustani Schools

4 When an Anglo-Vernacular Middle School is formed and accommodated in a new building, there will be four classes left in the present High School building For the

accommodation of these classes and the two munshis' classes and the Headmaster's office and school library, the present High School building will suffice for some time.

5 Under the above circumstances I shall be glad if Government will be good enough to sanction at their early convenience the construction of a new building for an Anglo-Vernacular Middle School at Chitaldrug

I have the honour to be,
Sir,
Your most obedient servant,

H J Bhabha
Inspector General

Mysore, ~~Bangalore,~~ 2nd March 1898

No 795 / 238 with 4 enclosures

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

Sl no 104

With reference to para 2 of Government Order No 3722-4 / Ed 19-96 dated the 20th September 1897, I have the honour to forward herewith the estimate and plan sent by the Superintending Engineer Eastern Circle with his docket No 216 / camp dated the 26th January 1898 for the building of the proposed Anglo-Vernacular School at Chitaldrug. The building is estimated to cost Rs 7587 &c. exclusive of the D.P.W establishment charges. As the work will have to be carried out through the agency of the D.P.W

the establishment charges amounting to Rs 759/- at 10 per cent should be added to the estimate of Rs 7,587, so that the total cost will be Rs 8,346 I request that Government may be pleased to sanction this sum. As the Executive Engineer says that the site chosen is in a very warm and close locality, he will be asked to propose another site, if available, close to the present Taluk Vernacular Schools.

2. I may add that in the Building Statement forwarded with my letter No 474 dated the 30th November 1897, a sum of Rs 2,000/- has been put down as the probable amount required for the current year's expenditure on the building referred to above. After the enclosed plan and estimate are approved I shall submit a proposal in consultation with the Chief Engineer regarding the exact amount required for the current year's expenditure.

I have the honour to be.
